This work requires extensive preparation and handwork.

Vorse clarified that $28,000 was budgeted this year for a water main replacement project prior to determining that the water main in the Cedar Street area was the most vulnerable. This project required a larger replacement then budgeted. In addition numerous issues were encountered. Hiring a contractor could have easily doubled the cost of this project. Some stormwater, paving and cleanup work remains to be completed.

Councilmember Queen specified that providing in-house animal control services has been researched in the past, and determined to be cost prohibitive.
Councilmember Reilly made a motion, seconded by Pingree to enter into an agreement with the Humane Society for 2012 animal control services in the amount of $7,000. By roll call vote, unanimous Aye.
