2015 PARK PLAN SURVEY

The City of Castle Rock and Castle Rock School District are currently updating their joint Park and Recreation Plan. Last revised in 2011, the plan guides the management and development of Castle Rock parks, recreation facilities, and programs, including school athletic fields, the senior center, and the library.

The City has created an online survey to gather community perspectives on Castle Rock parks and recreation opportunities. Castle Rock's recreational amenities enjoy use by residents throughout the region as well as visitors from outside the region. Anyone who uses Castle Rock facilities is welcome to share opinions at <https://www.surveymonkey.com/r/77RSX8F>.

This feedback is instrumental in meeting state requirements for grant funding. Local plans must not only be kept up to date but also demonstrate abundant public involvement to be sure that projects meet the public's needs and interests. The City has been successful in obtaining state funding for numerous projects in recent years thanks in part to its strong survey participation.

The online survey will be available through November 20, 2015.

For questions regarding the park and recreation plan update, please call City Planner Deborah Johnson at 360.577.3041.
