4. Complaints – Provide a copy of the LPA’s Title VI complaint log, including new Title VI complaints received during this reporting period and any still pending. Include the basis of the complaint (race, color, national origin) and describe the disposition (status/outcome).

The City of Castle Rock received no formal or informal complaints during this reporting period.

5. Planning – Describe the transportation planning activities performed this reporting period. Describe the actions taken to promote Title VI compliance regarding transportation planning, including monitoring and review processes, community involvement, their outcome or status. Include examples of community outreach.

The SRRTS, Phase 2 Improvements was awarded grant funding, an agreement with WSDOT Local Programs was executed, and a Request for Proposals was advertised. The City reviewed Statements of Qualifications for the project and awarded the project to the top ranked consultant. The project is in the process of executing agreements with the selected consultant. Title VI language will be included in the project documents, including Invitation to Bid, when this project advertises for construction. This project has been delayed, but is still in progress and will begin design in January 2025.

Six-Year Transportation Improvement Program – Every year the City updates their Six-Year Transportation Improvement Program (STIP). Project estimates are generated and the projects are ranked and assigned a priority. A public hearing is advertised in the newspaper of record, on the City’s website, City Hall, Castle Rock Library and United States Post Office. A public hearing is then held at a City Council meeting to provide an opportunity for the community to comment on the STIP prior to adoption. Adopting the STIP provides the City the opportunity to qualify for various funding programs.

6. Right-of-way actions – Describe activities during this reporting period associated with the purchase, sale, lease/use, or transfer of real property (related to highway transportation/public right-of-way use). Include demographic information of affected populations. For example, the race, color, national origin of affected property/business owners(s)/tenant(s).

No projects required acquisition of right-of-way.

7. Identify right-of-way appraisers and acquisition staff (used during this reporting period) by race, color, national origin.

No right-of-way appraisers and acquisition staff were used during this reporting period.

8. Studies and Plans – Were any transportation studies (including environmental reviews) conducted or transportation plans completed during this reporting period? Identify the data source(s) and provide data summary (Title VI/Environmental Justice Analysis) relative to ethnicity, race, languages spoken, neighborhoods, income levels, physical environments, and/or travel habits. Explain how data was used in these studies/reviews/plans.

None completed for this reporting period.

9. Project Location and Design – Provide a list of construction projects that began during this reporting period. Using a map of the LPAs service area, identify project locations, and a brief description of the projects' benefits/burdens to affected populations. If possible, provide a map that overlays projects with the racial composition of affected neighborhoods.

No construction projects started during this reporting period.

10. Other Public Meetings – List other public meetings held during this reporting period. Identify efforts used to encourage citizen participation at those meetings. Detail dates, times, locations, attendance, and provide examples of outreach materials.

Specify methods used to collect demographic information from the transportation-related public meetings. (Self-identification surveys, notes by staff, etc.) Include summaries of Public Involvement Forms collected at each meeting, listing the demographics of those who attended by meeting.

List any language assistance services requested. For which languages? Who provided the service? In addition, list vital documents translated during the reporting period and identify the languages.

There were no public meetings held during the FY 2024 reporting period. The City of Castle Rock utilizes press releases, electronic posting on the City's website, as well as physical postings at City Hall, Castle Rock Library and United States Post Office locations. Additionally, advertisements are made in the newspaper of record.

11. Transportation-related Construction and Consultant Contracts (if applicable) – Briefly describe the process used to advertise and award construction contracts during this reporting period. Include the process for negotiated contracts (e.g., consultants).

Construction Contracts – Projects are advertised twice over a three-week period in the local paper of record (The Daily News) and the Daily Journal of Commerce. A public bid opening is conducted, submitted proposals evaluated for compliance with funding requirements and a recommendation for award to the lowest responsive bidder provided to the funding agencies for concurrence prior to recommending award to the City Council.

Consultant Contracts – Advertisement for engineering services is published in the paper of record requesting Statements of Qualifications from engineering firms. SOQs are reviewed and ranked by the City and the highest ranked firms are interviewed. The City awards the engineering contract to the firm ranked highest from the interview and enters into contract negotiations with the selected firm.

12. Describe the actions taken to promote construction contractor/consultant compliance with Title VI by construction contractors/consultants, including monitoring and review processes, and their outcomes/status

Appendix 28.93

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI and other Non-discrimination requirements (The Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these non-discrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

Specific Assurances

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted program:

1. The Recipient agrees that each "activity," "facility," or "program," as defined in §§ 21.23(b) and 21.23(e) of 49 C.F.R. § 21 will be (with regard to an "activity") facilitated, or will be (with regard

to a "facility") operated, or will be (with regard to a "program") conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.

2. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with all Federal-Aid Highway Programs and, in adapted form, in all proposals for negotiated agreements regardless of funding source:

4. The Recipient will insert the clauses of Appendix B of this Assurance, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.
5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.
6. That where the Recipient receives Federal financial assistance in the form, or for the acquisition of real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.
7. That the Recipient will include the clauses set forth in Appendix C and Appendix D of this Assurance, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:
 - a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
 - b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
8. That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the Assurance obligates the Recipient, or any transferee for the longer of the following periods:

- a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or
 - b. the period during which the Recipient retains ownership or possession of the property.
9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.
10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.
